

ARCHITECTURAL/LANDSCAPE CHANGE REQUEST FORM

For homeowners desiring to make changes to an existing home, those changes that are visible from neighboring properties must first be approved by the Design Review Committee (DRC). Requests for changes to existing homes must meet the criteria of the Mirabel Design Guidelines. Pursuant to the governing documents, the DRC retains final approval authority for all architectural changes and/or additions, which may include the requirement of the removal or modification to those changes not approved in advance.
